

Please do not allow new LPFM stations to take priority over current FM translator service leaving me and my community without our K-LOVE signal! The following 3 points are important: 1. K-LOVE serves me (and others) as a resident of the local community by offering us quality family-oriented music and news. I am never concerned about what may be heard by my child when I have this station on. The music is wonderful and uplifting and has changed my life. 2. The local community would be effected if K-LOVE were displaced by an LPFM because we would not have this excellent resource on our radio dial. Other people can benefit from the inspiration provided by K-LOVE just like I have. Listening to safe and beautiful music should be an option on several stations, but we are limited to 2 in this area. Please don't take this excellent resource away! 3. The service provided by K-LOVE is in the public interest because it is an inspiration, it is always kid-friendly, they play wonderful music, they give timely news (and uplifting news that you won't hear elsewhere), the public has a right to choose, this station had led many to God and will continue to lead many more if allowed to continue broadcasting. This is good because when you are a believer, you are a kinder person who wants only to please and help others, you are more patient and calm, the violence inside you leaves and you become a upstanding person in your community with a positive impact! Please don't take our positive message away! Thank you!
